Start Location

The athletes run on the left hand side of the road with the traffic for the entire route, and are directed as such with race marshalls, cones as well as by traffic authorities.

The runners proceed along Somerset Road until the intersection with Buitengracht Street, where they turn to the right, staying on the left hand side of the road.

Carrying along Buitengracht, after approximately 1 kilometre, the athletes turn left into Wale Street

And then follow the road left into Adderley Street.

The runners proceed down Adderley, crossing Strand street at the 3km mark and around the first traffic circle before doing a 360 degree turn at the intersection of Adderley and Hertzog Boulevard.

Please note that the MyCiti bus lane is NOT used at this point, but rather the traditional road. (This needs to be coned off).

The runners then run back up Adderley, left around the circle at the Station, and up over Strand Street.

Past The Golden Acre and Standard Bank, they then turn left into Darling Street.

Staying on the left hand side of the road the athletes carry on along Darling and proceed into Sir Lowry Road.

Once in Sir Lowry Road, the runners continue along this road, which eventually becomes Main Road all the way through the Southern Suburbs until they reach Fish Hoek. (This is a straight and clear road and no additional explanations are required)

Once in Fish Hoek, the athletes turn off Main road to the left into Beach Road

Before returning to Main Road on the other side of Fish Hoek at the 34km mark

The runners carry on through Simonstown until they reach Martello Road. Here they turn left and proceed down to the finish at the Naval Sports Grounds.
